

BOSTON T's FOR SCOLIOSIS Order Form

White:

Made of COOLMAX[®]/Lycra[®] with Microsafe[®], it will stretch more than 150% to assure a wrinkle-free form fit under your brace. The Boston T is superior to a regular t-shirt for cushioning and wicking perspiration away from your skin.

Silver:

Made of COOLMAX[®] with X-static[®] pure silver fiber, Silver is the most effective antimicrobial agent available. It will eliminate odor-causing bacteria and fungus. It is also anti-static and will stay cool in the summer, but warm in the winter.
